

Certificate

of conformity with REACH (EC1907/2006)

Nanoprotech Italia s.r.l. is a manufacturer of goods that complies with the REACH regulation. Nanoprotech Italia s.r.l. is a downstream user for REACH Compliance Obligations. In general Nanoprotech Italia s.r.l. is not liable for any registration duties.

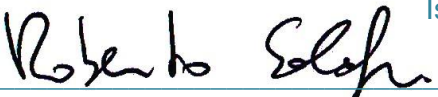

Relating to REACH requirements, there is no obligation to register the sale products.

As a consequence, all substances that request registration duties must have been registered by previous suppliers.

As regards the product safety, in our own interest, it is better to apply to REACH Compliance.

It is for this reason that we are in regular contact with our suppliers, manufacturers of all substances that are used in the production process (e.g. additive, oil etc.).

In our manufacturing phase, we use general requirements which are necessary in different business at high tonnage. According to our suppliers the pre-registration of all relevant substances is processed immediately.
